

KELE KOVER – FABRIC WEATHERPROOF COVER KOV SERIES

DESCRIPTION

The **Kele Kover** offers an innovative and effective weather protection solution for low-voltage, direct-mount globe valve actuators.

Made of heavy-duty, water-repellent, woven fabric, the **Kele Kover** provides a significant degree of protection against falling rain, sleet, snow, and ice. The light color minimizes solar heat gain to keep the actuator cooler than traditional plastic or metal enclosures. The unique fabric cover is breathable, which prevents condensation.

The **Kele Kover** can be installed and removed in seconds. It is available in four sizes to fit many popular globe valve direct-mount actuators, such as the Belimo NV/NVF Series, the Honeywell ML6984/7984 and ML642x/742x Series, and Johnson's VA4233 Series. The new KOV-4 fits the large Q5022 linkage made for dual actuators.

FEATURES

- **Heavy-duty, water-repellent fabric keeps actuator cool and clean**
- **Breatheable design prevents condensation**
- **Cinch strap allows quick and easy installation**

APPLICATION

The **Kele Kover** is made of heavy-duty fabric, which is highly resistant to wind, weather, and UV rays. The **Kele Kover** has been tested to the NEMA 3R standard and will effectively protect a NEMA 2 (IP42 or equivalent) actuator from the weather when mounted vertically. The Kele Kover fabric is guaranteed for a period of five years against loss of color or strength from normal exposure conditions including sunlight, mildew, rot, and atmospheric chemicals. It is not rated for high-voltage equipment.

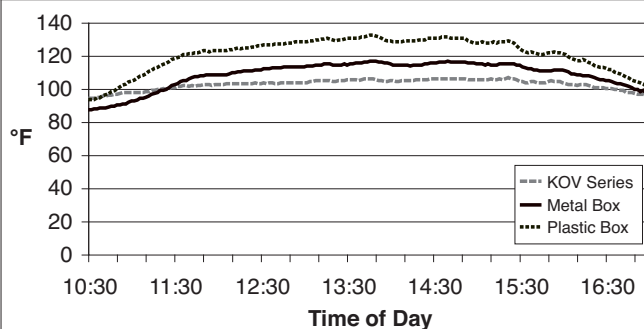

KOV-3 on
ML7421B actuator
and 5" globe valve

SPECIFICATIONS

Material	600D Oxford fabric, thickened and densified
Webbing/strap	Nylon
Color	Light tan
Buckle	Nylon
Dimensions	
KOV-1	6" dia. x 7"H (15 x 17 cm)
KOV-2	8" dia. x 10"H (20 x 25 cm)
KOV-3	10" dia. x 10"H (25 x 25 cm)
KOV-4	14" dia. x 12"H (36 x 30 cm)

WEATHER SHIELD TEMPERATURE COMPARISONS

Note: This graph is from the **Kele Kover** temperature tests. It illustrates the interior temperature fluctuations of three different types of weather shields located on a rooftop during a sunny day with a high temperature of 94°F.

ORDERING INFORMATION

MODEL	DESCRIPTION
KOV	Fabric Weatherproof Cover
	SIZE
1	Fits Honeywell ML6984, 7984, and JCI VA-4233
2	Fits Belimo NV/NVF and Honeywell ML6420/7420/6425/6425
3	Fits Honeywell ML6421/7421 Series
4	Fits Honeywell Q5022 linkage with dual actuators
KOV	2 Example: KOV-2 Weatherproof cover for Belimo NV/NVF.
