

ENCLOSURES

SIEMENS NEMA 1 ENCLOSURES 567 SERIES

DESCRIPTION

The **Siemens 567 Series** includes attractive, economical NEMA 1 enclosures designed to house controls and instruments in areas which do not require oil-tight and dust-tight ratings. The medium and large models are over 9 inches deep allowing the installation of larger components. The **567 Series** enclosures are furnished with a perforated metal subpanel for easy mounting of components no drilling or layout. Just set the control components on the panel and attach with #7 or #8 self-tapping screws in the prepunched holes. The **567 Series** is UL listed and CSA approved.

FEATURES

- **NEMA 1 enclosure**
- **Medium and large are over 9 inches deep**
- **Removeable door hinged on left or right side**
- **Attractive gray finish**
- **Key lock, two keys, and an attractive powder-coated 16 gauge perf panel furnished**
- **Mounting of control components simplified with perf panel**
- **UL File #E111475, CSA approved**
- **1/2" to 2" knockouts on sides, top, and bottom**

DIMENSIONS
