READY PANEL ENCLOSURES RP SERIES

DESCRIPTION

The **Kele RP Series Ready Panel Enclosures** were created for ease of installation of the Tridium™ JACE-NP and JACE-5 controllers. The panels are easily adapted for other controllers.

FEATURES

MODEL RP-NP FOR THE JACE-NP

- Temperature-controlled exhaust fan
- Vent with removable, washable filter
- LON bus terminals

MODEL RP-5 FOR THE JACE-5

- Four top and bottom ventilation grills (no fan)
- 120/24 VAC 75 VA transformer with integral circuit breaker
- LON bus and 24 VAC terminals
-

BOTH INCLUDE THESE STANDARD FEATURES:

- Clear labeling and color-coded, systematic wiring
- Gray NEMA 1 enclosure (24"H x 24"W x 9"D)
- Door lock on enclosure
- Perf panel with preinstalled JACE termination
- Fused 120 VAC power input terminals
- Quad 120 VAC auxiliary outlets
- Knockouts of various sizes
- Grommet to route CAT-5 Ethernet cable through knockout
- Tested for start-up prior to delivery
